

Tire Policy for Weekly Competitor Street Stocks

Street Stock

Hoosier 15", 7 inch width 790

All race tires must be utilized by registered team that purchased them unless otherwise approved by the OPS Tech Director or Competition Director.

Teams are permitted the purchase of up to 6 (six) registered tires for first event. 4 (four) must be used on opening day and remaining 2 (two) may be utilized as spares or cut replace as permitted by the OPS Tech Director or Competition Director.

Cut tire replacement is at the discretion of the OPS Tech Director or Competition Director Tire must be cut during competition. Notification and cut tire must be presented to the OPS Tire Official immediately following event for consideration.

Street Stock Tire limit of 1 (one) new tire every other event (excluding extra distance events). New tire must be used in feature event competition on the night of purchase.

Top 5 finishing teams from Street Stock and Outlaw Sportsman features will be subject to impound. Top 5 finishers in all divisions will be mandated to turn their race tires in at tire impound area within 15 (fifteen) minutes of completion of event to the OPS Tire Official and marked with car # & division. Other finishing positions may be required to impound randomly at the request of OPS Tech Director or Competition Director or OPS Tire Official. In such case, team will be notified and be required to impound their tires respectively. Any team that fails to turn in their tires may be subject to disqualification and/or other penalties.

Registered tires must be utilized during qualifying as well as feature event competition.

Any and All tires entering into the pit area are subject to inspection at the request of technical director or tire official.

No chemical treating of tires permitted. Any alteration of tire discovered will result in immediate disqualification and further penalties and fines. All decisions by Oxford Plains Tech Director or Competition Director are final and without dispute.

Modification, tampering, or defacing of any identification or marking of tires is NOT permitted. Any team determined to have attempted to alter tire identification in any manner will be disqualified.

Any competitor who, during an event, uses or is in possession of 1 (one) or more tires that have been altered externally or internally (on or off car) by unauthorized treatment is subject to a fine of not less than \$500.00 and disqualification, and/or disallowance of qualifying efforts, and/or withdrawal of the opportunity to qualify for the event, and/or suspension from future OPS events, and/or additional penalties.

Any team found with any tire softener, conditioner, or any substance used to treat tires, in their possession (including trailers and haulers) during any event will be disqualified from the event. Additional fines and/or penalties may be imposed including, but not limited to, suspension from future events.
